

As part of the "PAINT THE CHANGE" project, the third and final Transnational Mobility of Learners took place in Ankara, Turkey, from May 20th to 24th, 2024. The event was hosted by Ankara Aile ve Sosyal Hizmetler İl Müdürlüğü (Turkey), with the participation of Gruppo Phoenix (Italy) and Fundación Sanamente de la Comunidad Valenciana (Spain).

All partners shared numerous workshops and training activities, discovering new therapeutic artistic techniques and having the opportunity to admire the incredible artworks created in their centers.

This final meeting allowed the Italian and Spanish delegations to present their proposals, while also providing the chance to discuss the power of "CHANGE" in various social contexts, emphasizing the importance of tolerance, respect, and listening.
